COMPETENCIES

See how many points you have earned in each competency. Use the competencies section of your scorecard to craft your personal and professional story to guide you in interviews with employers.

A competency is: the ability to apply related knowledge, skills, and abilities required to successfully perform tasks in your chosen work setting.

PORTFOLIO

As you complete submission-type activities in your program, all submitted items will automatically be collected in your portfolio! Plus, you can upload additional projects, photos, videos, research papers, etc. to add to your collection.

Why a portfolio? Show employers important academic and co-curricular artifacts from your time at your institution.
