Growing Academic Potential Scholarship funded by The Cliff and Deborah White Family Fund

This group of scholarship recipients get together regularly with the whites and they have formed a mutual support network. It is hoped that over the years, these same students will also reach out to support the next group of GAP ACES scholars. ACES stands for Achieving Collegiate Excellence & Success and is a college support partnership among Montgomery County Public Schools, Montgomery College, and the Universities at Shady Grove where first-generation college-bound students receive ongoing academic coaching, college readiness and other services that ensure academic success and the attainment of a baccalaureate degree.
