

BEE LINE

A Transfer Access Program for students planning to transfer to UB at USG!

Health
Systems
Management

Simulation
and Game
Design

Academic Advising

Confused about which classes to take at MC? In the Bee Line, you receive accurate and personalized advising by connecting directly with representatives from your major.

Are you ready for more reading, more writing, more EVERYTHING! Prepare for the rigors of upper-level coursework and save yourself the stress of learning these challenging requirements after you transfer!

Academic Preparation

Career Readiness

You will not be in college forever! As a Bee Line student, you will work with the USG Career and Internship Services Center (CISC) to find and prepare for internships and job opportunities.

The college experience is more than just classes! USG is a thriving campus, bursting with student activity. In the Bee Line, you get a jump start on participating in everything that the USG community has to offer!

Campus Connections

Plus Guaranteed Admission!

Buzzing to get started?
