

Revature
Entry Level Software Engineers
Career Connector Job ID #12301

Description

First and foremost, I hope you are staying safe and staying aware as we all navigate this challenging time with COVID-19.

Secondly, I wanted to let you know we are still actively hiring and have opportunities for individuals interested in launching a tech career. At this time, we are conducting all interviews virtually.

We are **hiring over 100 Junior Software Developers / Entry Level Software Engineers** in the next 6 weeks.

No prior coding experience required. You will receive on-the-job-training after you are hired. *Recent College Graduates Encouraged to Apply. Multiple Openings throughout the US. **Relocation Assistance is available.***

Our Software Engineers design, analyze and build next-gen software systems, including business applications, games, computer applications, middleware, and network control systems across a variety of industries, including finance, insurance, retail, healthcare and government.

What We Are Looking For
