CSAAC
Behavioral Technician (Autism) working with children
Career Connector Job ID #10665

Description
CSAAC is a private, non-profit agency founded in 1979 providing services to individuals with autism. Our mission is to enable individuals with autism to achieve their highest potential and contribute as confident members of their community. Our Head office is located in Gaithersburg, Maryland.
We are currently looking for part time behavior technicians' to join our team.

Are you interested in gaining hands-on clinical experience in the field of psychology, education, speech, or social services? Enjoy working with young children? Want to learn to make a difference in the lives of children with Autism and development disabilities? This a great experience for students interested in working with children and/or going to grad school.
If so, this may be the job for you!

CSAAC's Intensive Early Intervention (IEI) Program is looking for passionate, bright, energetic college and graduate students to join our team of IEI technicians. As part of our team, you will implement ABA-based treatment with young children diagnosed with Autism or Developmental Delay.
You will receive extensive paid training (CPR/First Aid certification included) and work with Ph.D. level psychologists, a Board-Certified Behavior Analyst (BCBA), and dedicated teachers with years of experience with children on the Autism Spectrum. There may be opportunities for intern/externships or to earn field work credit through your school. Interns and externs have the freedom and support to create their own projects related to autism to match specific university program requirements.

Qualifications:
Must be enrolled or graduated from a college or university. Coursework in psychology, education, or other social services fields preferred.
Must have a valid stated issued US Driver License and a car to support family residences, community locations, school's offices etc.
Attend and complete online and in-classroom training's as required
Provide a minimum of 8 in-home therapy hours per week with a child diagnosed with autism- some weekend work is required
Attend a 1-hour clinic meetings for each client every 1-2 weeks during normal business hours
Experience working with young children preferred.

This Job Is Ideal for Someone Who Is:
Dependable -- more reliable than spontaneous
People-oriented -- enjoys interacting with people and working on group projects
Adaptable/flexible -- enjoys doing work that requires frequent shifts in direction
Detail-oriented -- would rather focus on the details of work than the bigger picture
Achievement-oriented -- enjoys taking on challenges, even if they might fail
Autonomous/Independent -- enjoys working with little direction
Innovative -- prefers working in unconventional ways or on tasks that require creativity
High stress tolerance -- thrives in a high-pressure environment

Benefits:
Flexible part-time hours (8-30 hours/per week)- Morning, afternoons, weekends
Paid training and clinic meetings
Ongoing clinical training, supervision, and support provided by our Licensed Psychologist and BCBA
Work with dynamic, supportive, passionate supervisors to help you learn and grow while changing the lives of children and families impacted by ASD or developmental disabilities.
Opportunities to earn credentials to advance your career including Registered Behavior Technician (RBT) certification
Valuable work experience for psychology, education, and social services majors & future applicants to graduate school!
Starting pay: $13.50 per hour including paid training then $17.00 per hour upon successful completion of required training and becoming certified as a Registered Behavior Technician (RBT)
