Spring 2022 Intern (internship for credit)

McLean School
Potomac - MD (United States)

Spring 2022 Interns Wanted to Support a Positive Learning Environment

Students at the Universities at Shady Grove are offered an opportunity to work alongside expert educators by guiding, assisting and supporting students with learning differences at the McLean School. The McLean School is an independent K-12 school located in Potomac, Maryland whose mission is to focus on student's abilities in a warm, caring, stimulating and meaningful way.

Interns will collaborate, communicate and participate in instructional opportunities for individual students and in small groups. Select responsibilities will include:

1. Support students with diverse academic needs, and show sensitivity and understanding of individual learner needs
2. Participate in instructional opportunities
3. Support a positive learning environment that encourages self motivation, engagement in learning and social interaction
4. Help prepare materials in advance of classes and clean up materials post-instruction
5. Look around, walk around, listen and guide

The McLean School is 15 minutes from the USG campus, and we offer flexible schedules and continuity in classes. Opportunities available now through Spring 2022.

Interested students should submit a resume to: internships@mcleanschool.org
