

## Employee Accommodation Request Form

This form is an initial step in processing your request for an accommodation under the Americans with Disabilities Act (ADA). An accommodation is a reasonable modification or adjustment to the work environment that enables a qualified person with a disability to perform the essential functions of a position, or enjoy the same benefits and privileges of employment as are enjoyed by non-disabled employees. In order to determine whether you are eligible for an accommodation under the ADA, the ADA Coordinator will ask for documentation of your disability.

The ADA requires that the ADA Coordinator keep medical information confidential. However, the law allows the ADA Coordinator to share information regarding your disability with individuals who are considered to have a legitimate need to know this information. These persons can include your supervisor(s), human resources personnel, first aid and safety personnel, personnel investigating compliance with the ADA, and other persons considered to have a legitimate need to know.

**ADA Disability Information Request Form  
(To be completed by Medical Provider)**

**Employee Name:** \_\_\_\_\_ **Date of Birth:** \_\_\_\_\_

The University of Maryland College Park employee named above has requested that the University provide him/her with a reasonable accommodation under the Americans with Disabilities Act (ADA). Under the ADA an individual with a disability is a person with a physical or mental impairment that substantially limits one or more major life activities, such as breathing, eating, sleeping, walking, talking, seeing etc. An employee making such a request must provide the University with current documentation of a disability. You are being asked by the employee to provide documentation by fully completing all sections of this form. These questions will help determine 1) whether the employee has a disability, 2) whether an accommodation is needed, and 3) what options may exist that would constitute an effective, reasonable accommodation. Also, please provide any supplemental material that you feel would be helpful in considering the employee's request for accommodation(s)

This form may be returned to the employee or it may be mailed or faxed to:
